OUR PEER GROUPS

These groups arrange meetings to suit their members. Our Venture Board practitioner group has been running for several years, and meets virtually every 8-12 weeks.

‘With Transpire Global you’ve someone else on your NED search team’ - **Ursula Morgan, Transpire Member and NED**

‘We’ve convened roughly every other month for the last few years. Despite all but one of those gatherings being virtual, we’ve got to know each other well, and built a close, mutually supportive, professional relationship which enables us to be open and frank with each other about the challenges and opportunities we face as NED of start-up businesses’ - **Nigel Jones, Transpire Member and Coach**

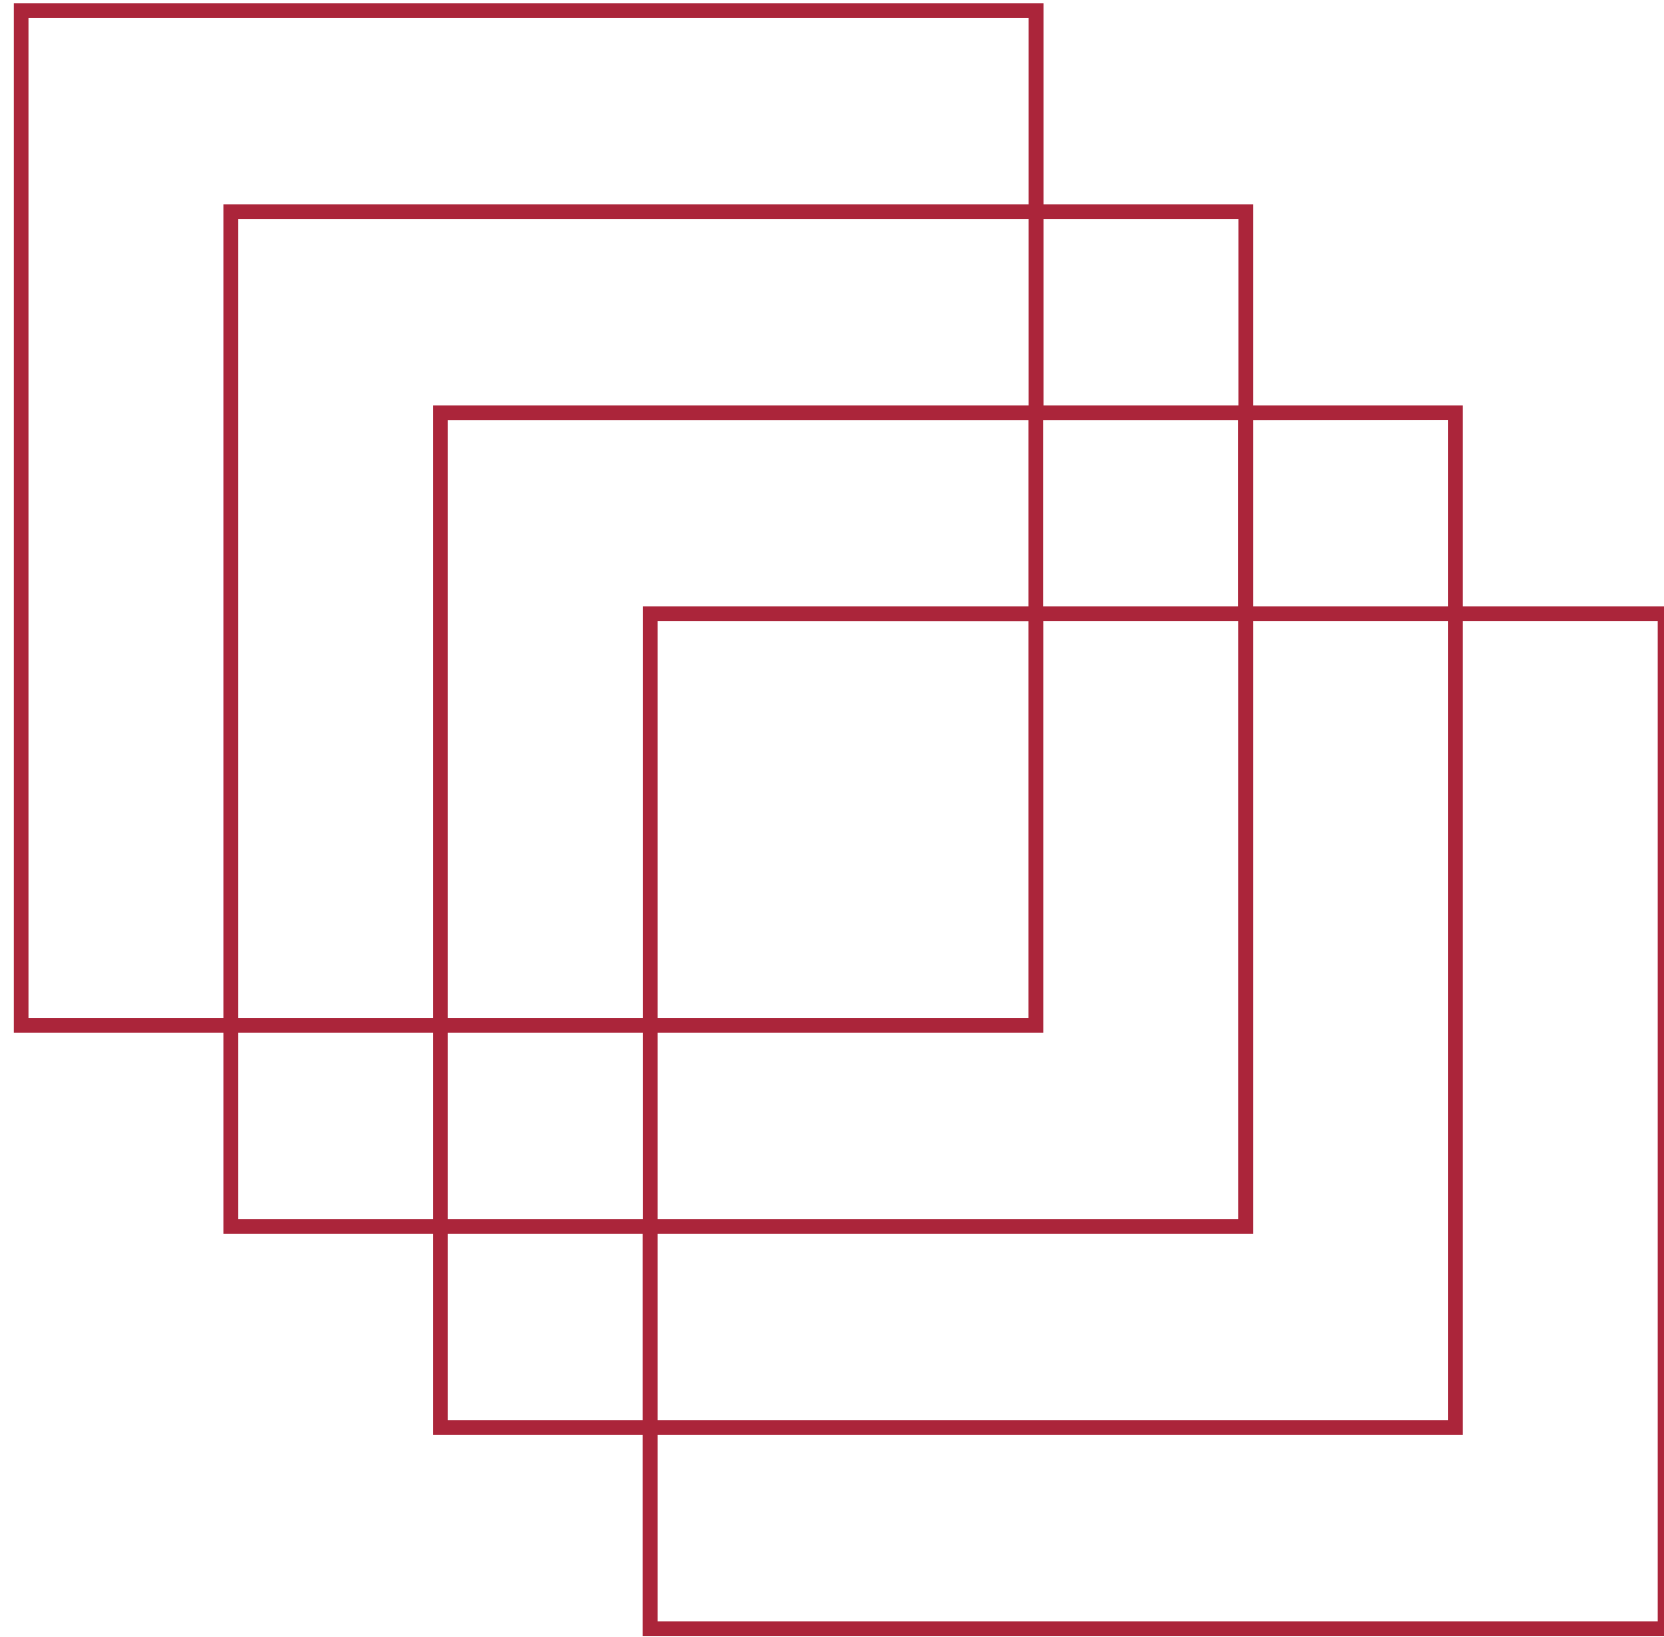

PRACTITIONER

Our practitioner groups are a means of focused peer-group challenge and support. They consist of 4-6 Transpire Members who all serve on a board in a particular sector (e.g. housing).

PATHFINDER

A peer group of 4-6 Transpire Members all looking for their first couple of board roles. These groups provide regular encouragement and support as you nurture your board portfolio.

Every year Transpire hosts a series of virtual and in-person events. Our events programme covers topical issues facing boards today and offers members the opportunity to participate in live discussions and networking as well as learn first hand from experts in the field. The majority of our events are CPD accredited.

‘Stepping Stones was critical in helping me develop my board skills for NED roles. The depth of knowledge and experience within the Transpire Community that makes the programme so special, showed me how to apply the theory with real life examples and experience. When I took on the Chair role, I felt that I had the knowledge but even more importantly, I had the support network to back me up when I needed it’

Marla Ubhi, Chair / NED, Stepping Stones Alumna

Helping people feel the joy I felt when in the rooftop pool of a Manhattan penthouse.

In 2013 I took the decision to launch Transpire to give people the guidance, information and community they need to build their self-awareness, skills, and confidence for success in an independent board-level career.

I specialize in coaching individuals through successful transitions from corporate roles to portfolio Non Executive Director (NED) careers. I also work with CEOs, Chairs, and Founders to develop and refresh their boards.

My business insights can also be found on my [**YouTube channel**](#), and the Transpire Global website.
